Online homework and grading tools for instructors and students that reinforce student learning through practice and instant feedback. G. Lorimer Moseley Oxford Centre for fMRI of the Brain, Department of Physiology, Anatomy & Genetics, Oxford University, Oxford, UK. Abstract. This paper argues that the biology of pain is never really straightforward, even when it appears to be. It is proposed that understanding what is currently known about the biology of pain requires a reconceptualisation of what pain actually is, and how ...
